

# UP Free Education Scheme Upto Class 12<sup>th</sup>

Uttar Pradesh govt. is planning to launch a Free Education Scheme for Students upto Class 12<sup>th</sup>. Subsequently, govt. will provide free education till intermediate level and Yogi Adityanath (UP CM) is soon going to make an announcement in this regard. Accordingly, this scheme will benefit students from the economically backward classes, SC, ST and OBC Candidates.

This scheme will enable children to study and build their career. Accordingly, students will be able to earn their livelihood and thus can contribute to the growth of entire state. Moreover, all those parents who discourages their children from going to school will have to face consequences.

This scheme will particularly benefit the students from backward classes and will remove any hindrance (hurdle) in their studies. Through this UP free education scheme, govt. will convince the parents on the importance of education.

All the children belonging to backward classes can get absolutely free education and build a future for themselves. Moreover, this scheme will improve the financial situation of the students and enable them to get better jobs in private or government sector. This free educational policy is a part of Yogi govt's efforts to improve the standard of education.

## Uttar Pradesh KG to PG Scheme – Yogi to Start Free & Compulsory Education in UP

Uttar Pradesh government is going to launch KG to PG Scheme to provide free and compulsory education to all the students. This scheme will be launched in a few cities from the next academic session. Under this scheme, free education would be given to all students between Kindergarten (KG) to Post Graduate (PG) level in all government institutions. Yogi Aadityanath is soon going to make an announcement in this regard.

UP Free Education Scheme is going to benefit poor people to a large extent. This information about the launch of UP KG to PG Scheme was given by Dinesh Sharma in a convocation ceremony of Mahatma Jyotiba Phule Rohilkhand University. Now all the students who drop out due to lower family income will be able to complete their studies and build their career.

People from the economically weaker sections will get most of the benefits of Free Education Scheme in UP. They would be able to earn their livelihood and contribute towards the growth of the society.
