

# Majhi Kanya Bhagyashree Yojana

Majhi Kanya Bhagyashree Yojana implemented from august 2017. Majhi Kanya Bhagyashree Yojana announced by government of Maharashtra. The main motive to implement this bhagyashree Yojana is to increase the birth rate of girl child in the state. Due to increase difference between birth ratio of boys and girls government of Maharashtra has decided to launch this scheme. This scheme is only applicable for BPL families.

Kanya Bhagyashree Yojana provides financial support to girl child families and also increases girl's education and health status. Under this scheme the parents of the state who undergo sterilization within one year after the birth of a girl child will get an amount of rupees 50,000. This amount directly transferred to the bank accounts of the girl child. The second child daughter has parents then after the sterilization by the government rupees 25,000-25000 will be deposited in the bank in the name of both girl children.

## Eligibility Criteria

- Applicant must be a permanent resident of Maharashtra.
- If a man has two girls, he can get benefits under the Majhi Kanya Bhagyashree Scheme 2021.
- If a third child is born, then both the first born girls will not get the benefit of this scheme.
- To get the benefit of this scheme, the annual income of the girl's family should be Rs 7.5 lakh.
- For this, it is mandatory to undergo sterilization within 1 year after the birth of a daughter or within 6 months of the birth of another daughter.
- Interest can be withdrawn only after the girl's age is 6 years and 12 years. After completion of 18 years of age, both principal and interest can be withdrawn.

## Document Required

- Applicant's Aadhar Card
- Mother or girl's bank account passbook
- residence certificate
- income certificate
- mobile number
- Passport size photo

## Major Benefits

- The benefit of this scheme will be given to two daughters of a family.
- According to the plan, after the birth of a girl by the mother or father, after the family planning (sterilization), Rs 50,000 in the name of the girl or sterilization after the birth of another girl is 25000-25000.
- The bank deposits the bank. Interest can be withdrawn only after the girl's age is 6 years and 12 years.
- After completion of 18 years of age, both principal and interest can be withdrawn.
- The scheme will not be available after the third girl is born.

## Key Features of Scheme

- Families with upto 7.5 lakh annual income are eligible for this scheme.
- For this, a joint account will be opened in the National Bank in the name of the girl's mother.
- Along with the account, both will also get accident insurance of Rs 1 lakh and overdraft of Rs 5000 under it.
- This amount can only be used for the education of the girl child.
