

Uttarakhand Old Age Pension Scheme

Old Age Pension Scheme is launched by the Government of Uttarakhand and implemented by the Social Welfare Department for destitute old age people. The purpose of the scheme is to provide a pension for those destitute old age people who are above 60 years of age. In this scheme, the beneficiary should belong to below poverty line (BPL) families & their monthly income should be up to Rs. 4000/- for getting benefits of a pension. The main aim of this scheme is to provide the social security to the old age citizens of the state who are unable to sustain themselves from their own resources. So, this scheme will provide a better livelihood to the people in their old age and make their life easy. The state government of Uttarakhand took a very good initiative to provide a better life in the old age of the people. For getting benefits under this scheme applicant candidate need to qualify some eligibility norms which are mentioned below in articles like income limit and other things mentioned below
