

Yogi Good Samaritan Scheme

Under this scheme, incentives of Rs. 2,000 would be given to those who brings injured people (in road / rail accidents) to hospitals. Yogi Adityanath Good Samaritan Scheme's main focus is on ensuring that each injured person gets treatment on time. Moreover, this scheme will encourage people to help road accident victims. This Good Samaritan Scheme of UP govt. comes after the Bus Accident of Mainpuri in which 17 people died after driver loses control on wheels.

However, the money will come from the Road Safety Fund and not the state govt's budget. UP has lesser number of road accidents but the highest number of deaths. The major reason is that people doesn't assist victims and a large number of injured persons lacks timely hospitalization. Yogi Good Samaritan Scheme in UP will encourage and motivate volunteers to help the injured ones.
